STIEBEL ELTRON

Technical datasheet

DHM 6 (STE)

COMPACT INSTANTANEOUS WATER HEATER

PRODUCT-NO.: 222299

The main features

- Near constant, accurate temperature delivery up to maximum output
- Sufficient water for multiple draw-off points
- Instant hot water thanks to rapid and maintenance-free bare wire heating system
- Special heating element suitable for hard water
- Rapid heating of just the required amount of water saves electricity
- Compact design for space saving installation
- Over- and under sink installation (unit can be turned 180°)
- Can be operated with pressurized and non-pressurized taps
- Protection class IP25 (splash-proof)
- Automatic on/off control with pressure switch
- Flame-retardant electronic circuit board for extra safety
- Hydraulic flow control to compensate for pressure fluctuations

STIEBEL ELTRON

Technical datasheet

Type	DHM 6 (STE)
Part no.	222299

Technical data

Height	165 mm
Width	190 mm
Depth	82 mm
Weight	1.4 kg
Electrical fuse protection	Earth wire
Rated output	6.0 kW
Electrical connection	1/N/PE~220-240 V
Rated current	27.27 A
Heating element	Direct Coil
Type	Closed outlet
Automatic flow switch	true
Cylinder type	Direct Coil# bare wire
Anti-scalding protection	Pressure safety switch
IP rating	IP25
Colour	white
Water connection	1/2 inch

Shutdown value	**1.8 l/min**
Starting flow rate	**3.4 l/min**

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
