

DHD 6 EC (STE)

COMPACT INSTANTANEOUS WATER HEATER

PRODUCT-NO.: 234073

European design with carbon fiber look for modern bathrooms, featuring 3-step temperature selection (40, 50, 60 °C) for multiple draw-off points. This is an excellent choice for medium amounts of hot water, for example to supply a hand washbasin and a shower.

The main features

Temperature adjustment via 3-step power control

Sufficient hot water for multiple draw-off points

Corrosion-resistant copper heating element and tank

Optional concealed water connection through the back panel

Flame-retardant electronic circuit board with protective cover for extra safety

Anti-scalding and overheating protection with thermal cut-out

Protection from electric shock with Earth Leakage Circuit Breaker (ELCB)

Protection class IP25 (splash-proof)

Type	DHD 6 EC (STE)
Part no.	234073

Technical data

Height	360 mm
Width	200 mm
Depth	110 mm
Weight	2 kg
Electrical fuse protection	ELCB
Rated output	6.0 kW
Rated current	27.3 A
Water connection	1/2 inch
Shutdown value	2.1 l/min
Starting flow rate	2.5 l/min
Type	Closed outlet
Automatic flow switch	true
Cylinder type	Copper
Temperature setting	3-stage 40/50/60 °C
Temperature control	Output control
Anti-scalding protection	Thermostat with manual reset
IP rating	IP25

Colour

white

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
