

## 7 IN 1 FILTER CARTRIDGE (STE)

REPLACEMENT CARTRIDGES / ACCESSORIES

PRODUCT-NO.: 238763

7-in-1 filter cartridge for use with Fountain and Fountain 7S (Copper Gold, Silver Grey and Anthracite) drinking water filters.

7 stages of filter media are combined in one single filter cartridge. This ensures exceptionally clean and safe filtration performance. An ultrafiltration hollow fibre membrane with a pore size down to 0.01 microns provides bacteria-free drinking water instantly, with no electricity required. Silverlite stone increases the safety of the whole filter system. It contains silver ions and several minerals to prevent the growth of bacteria inside the filter system and contamination from outside the filter.

### The main features

7 stages in 1 cartridge for easier filter replacement

---

Certified drinking water safety to NSF Standard 42 & 53

---

An ultrafiltration hollow fibre membrane with a pore size down to 0.01 microns provides bacteria-free drinking water instantly, with no electricity required

---

Large carbon layers for great tasting filtered water

---

Easy filter replacement, no tools needed

Type

**7 IN 1 FILTER  
CARTRIDGE (STE)**

Part no.

**238763**

## Technical data

<b>Filtration stages</b>	<b>7 Stage</b>
<b>Filter stage 1</b>	<b>Sediment - 5 #m</b>
<b>Filter stage 2</b>	<b>Activated carbon block - 1 #m</b>
<b>Filter stage 3</b>	<b>Far infrared radiation ceramic balls</b>
<b>Filter stage 4</b>	<b>Negative ion ceramic balls</b>
<b>Filter stage 5</b>	<b>Granulated activated carbon with silver impregnation</b>
<b>Filter stage 6</b>	<b>Ultra filtration (hollow fibre) - 0.1-0.01 #m</b>
<b>Filter stage 7</b>	<b>Silverlite stone</b>

## **Contact information**

**You have questions? We appreciate to help you:**

**Call 02-021-9300**

**Write an email to [th-info@stiebel-eltron.com](mailto:th-info@stiebel-eltron.com)**

## **Installation information**

**Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.**
