

STIEBEL LIFE XL

WATER DISPENSER

PRODUCT-NO.: 204517

The main features

Self-cleaning stainless steel cold water tank

Hygiene-guard anti-bacterial dispensing nozzle

ECO system with the light sensor automatically powers off the system at night to save energy

ALL-IN-ONE slim commercial water dispenser for unlimited and high flow water outlet

Continuous dispensing - filtered water is dispensed at the push of a button

Hot water safety button - helps to prevent children from accidental burns when using the water dispenser

Automatic dispensing outlets – helps to prevent hot and cold outlet water bounce for safety and hygiene purposes

Sleek design - the elegant design enhances any kitchen interior with a touch of luxury

Improves water quality by removing contaminants

Improves water taste and odour by reducing chlorine, heavy metals and bacteria

Indirectly improves the water flow as less clogging occurs, therefore less maintenance is needed for sanitary fittings.

Antibacterial silver ions provide double protection of the water filter

Instant high flow rate for large drinking water demands without water wastage

Type	STIEBEL LIFE XL
Part no.	204517

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
